

This project is funded by the European Union's Internal Security Fund — Police

Research the opportunity for an EU level automatic system analysing MO for homicides, violent sexual crimes and paedophilia

Determine the interconnection capacity of the analysis systems based on ViCLAS (*Violent Crime Linkage Analysis System*) programme, used currently in some MS, or any similar system

- EU contribution: 474,566 euro (90%)
- Overall project budget: 527,296 euro

- 01 October 2018 – 31 March 2020 (18 Months)
- Project Consortium: POHCCJ (RO), GIRP(RO), BMI (AT)
